An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

a) In the Title

After "Treatment", include --Including the Backside--

Reasons for Allowances

The following is an examiner's statement of reasons for allowance: while Takeuchi, Bunji, JP Publication No. 359016343 A1 teaches forming scribe streets with a laser on both sides of the wafer, it does not teach the features of claim 1, lines 6-7, "wherein the traced area is melted by a laser beam and re-solidifies into a more planar profile." The prior art of record fails to teach, in combination, the process features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
